PROFESSIONAL SUMMARY

UI/UX Designer with 4+ years of experience delivering user-centred digital products for web and mobile platforms. Proven ability to design scalable, responsive, and accessible interfaces aligned with business goals. Experienced in collaborating with product managers, developers, and stakeholders across global teams. Adept at creating design systems, improving usability, and driving engagement.

PROFESSIONAL EXPERIENCE

Product Designer

Khelo Tech Pvt Ltd, Delhi, India

Oct 2024 - Feb 2026

- Led end-to-end UI/UX design for SaaS-based web and mobile applications, delivering scalable digital products for national and international sporting events.
- Designed responsive user interfaces for major sports events including the 38th & 37th National Games of India, 11th Asian Aquatics Championship, and Kayaking & Canoeing Championships.
- Conducted user research, created user flows, wireframes, high-fidelity UI designs, and interactive prototypes following structured design methodologies.
- Built and maintained a scalable design system with reusable components and standardized design patterns to ensure consistency across products.
- Designed event branding assets, digital graphics, banners, and hoardings supporting large-scale sports events.

Product Designer

Clibrain Inc, Madrid, Spain (Remote)

Aug 2023 – Sep 2024

- Designed and enhanced product features aligned with business objectives and user needs.
- Created structured UX documentation to support feature launches and stakeholder alignment.
- Developed and maintained a comprehensive design system, including UI components, branding guidelines, and interaction standards.
- Worked cross-functionally with engineering and product teams to ensure design feasibility and consistency across platforms.

UI/UX Designer

Baliza India Pvt. Ltd, Noida, India

Feb 2023 – Aug 2023

- Designed user interfaces for web applications, including dashboards, landing pages, and core workflows.
- Developed UI/UX strategies focused on improving conversion, clarity, and user engagement.
- Conducted UI testing on CTAs, page layouts, and user flows to optimize performance.
- Ensured adherence to typography, color systems, and brand consistency.

UI/UX Designer

4 Way Technologies, Delhi, India

Oct 2021 – Jan 2023

- Created visual design prototypes, designed icons, and developed solutions for a new navigation system, resulting in a 10% increase in user satisfaction.
- Facilitated design implementation via CSS and HTML coding.
- Wire-framing, prototyping, interaction, and graphic design - UX as well as UI across the web and mobile platforms.
- Collaborate with developers, users, and PMs relentlessly to improve the user experience.
- Oversee the implementation of UX research methodologies and testing activities in order to analyse and predict user behaviour.
- Deliver responsive designs that maximise the user's experience for all devices .
- Conduct visual quality assurance testing to ensure that products are consistent with the intended design.
